Hey John,

I had a, Sam's Green Paw, related question I wanted to see if you could help me with. So we are currently painting the entire building here at Sam's. We wanted to also get some murals painted of our new logo. I have heard from some of the painters we are getting quotes from that these murals of our logo may require a permit from the city. Due to the fact that our building is so tall. Just wanted to touch base with you and see if you knew any more about that or could point me in the right direction of where to request for a permit from.

Thanks a million,
Bruce Pacilio
